

# SWITCH TO A SAFER & HEALTHIER INDUCTION STOVE

**GET \$800 TO REPLACE YOUR GAS STOVE.**

The City of Aspen and CORE are offering rebates to help you switch.

## WHY MAKE THE SWITCH?

Gas stoves can release pollutants that affect indoor air quality. Induction stoves offer a cleaner, safer alternative - no open flame, faster cooking, and better air for your home.

## INDUCTION STOVES

CLEAN AIR

FAST COOKING

\$800 AVAILABLE

## HOW IT WORKS:

1. Contact CORE to get started (scan the QR code)
2. Apply for an induction stove rebate from CORE - up to \$500
3. Earn an additional, optional \$300 from the City of Aspen
4. Participate in a City of Aspen indoor air quality study by allowing a small air-quality sensor in your home for two weeks before your stove replacement until two weeks after installation. Total rebate support: up to \$800!
