

## **Legal Aid Bureau of Buffalo Hosts Successful End-of-Life Planning Event with NYS Senator April N.M. Baskin**

On Friday, June 20, 2025, the Legal Aid Bureau of Buffalo partnered with New York State Senator April N.M. Baskin to host *End of Life Planning Part 1* at the Cheektowaga Senior Center. The event provided free, one-on-one consultations to help attendees prepare essential planning documents, including wills, living wills, powers of attorney, and health care proxies.

Participants received guidance to ensure their healthcare wishes and estate plans would be honored. The event was made possible through collaboration with the NYS Attorney General's HOPP Program, the IOLA Fund, and other state and local partners.

Those who attended were encouraged to return for *Part 2* on July 25, 2025, to finalize their documents.

We're grateful to everyone who helped make this event a success and to all who took an important step toward planning for the future.
