Dear Senator,

I am writing to you with a heavy heart in the wake of the tragedy at Annunciation Catholic School in Minneapolis. As a member of this community, I am grieving alongside so many families and neighbors. But I am also determined to call for action—because we cannot allow preventable tragedies like this to continue.

That is why I urge you to support Ethan's Law, which would establish a federal safe storage requirement for firearms. The research is clear: safe storage saves lives. By reducing access to unsecured guns, we can prevent accidental shootings, impulsive acts of violence, and tragedies that devastate families forever.

Please, stand with Minnesota families and help prevent future tragedies by supporting Ethan's Law. This is a commonsense step that will save lives, and our children cannot wait.

Thank you for listening, and for your commitment to protecting the people of Minnesota.

Sincerely,
